MOLYKOTE® Package Change Notification

Subject: Replacement of 150-gram tubes with 100-gram tubes

Dear Valued Customer,

At DuPont, we value you as our customer and continuously strive to provide you with consistent product quality, supply, and service.

After careful consideration, DuPont has made the decision to replace our existing 150-gram tubes with 100-gram tubes. We will start this transition in August 2025. Please refer to Appendix 1 for additional details of the expected changes.

The primary rationale for this adjustment is to enhance the efficiency of our packaging and to focus on delivering a product that meets the needs of our valued customers. You will continue to receive the same high-quality products that you trust now, in a more efficient size.

Your account manager will work with you to make this seamless transition. We appreciate your support through this process. If you have any questions or need further clarification, please do not hesitate to reach out to us.

Thank you for your understanding and cooperation. We truly value our relationship with you and look forward to continuing to work together to deliver performance, reliability, and safety.

Best regards,

A handwritten signature in black ink that reads "Jake Jin". The signature is written in a cursive, flowing style.
