Subject: **Label Change – Transition from Barcode to QR Code**

Dear Valued Customer:

Momentive Performance Materials has identified your facility as the primary purchasing of our materials. Kindly forward this notification to any other appropriate personnel and/or locations within your company that have a need to know. Distributors, please forward this notification to your customers.

As part of Momentive's ongoing digitalization strategy, we have been implementing an update to our finished goods (FG) product labels by replacing the current barcode with a QR code.

To assist with visual identification, examples of both label styles are shown below.

Previous Label (2-D Barcode):

Revised Label (QR Code):

This change is intended to support internal digitalization initiatives, improve data management, and enhance operational efficiency and traceability throughout our supply chain processes and does not alter the product itself, its manufacturing process, specifications, quality, regulatory status, or performance.

Please contact your Account Manager with any questions that you might have on this change. We look forward to working with you and continuing to serve your needs.

Sincerely,

A handwritten signature in black ink, appearing to read "Manoel Filho".

Manoel Filho
Global Customer Quality Leader

ANY SALE OF PRODUCTS OR DELIVERY OF CUSTOMER SUPPORT AND ADVICE BY MOMENTIVE PERFORMANCE MATERIALS INC. AND/OR ITS AFFILIATES ("MOMENTIVE") IS MADE EXCLUSIVELY UNDER MOMENTIVE'S STANDARD CONDITIONS OF SALE which are included in the applicable sales agreements, printed on the back of acknowledgments and invoices, or available upon request. MOMENTIVE MAKES NO WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE PERFORMANCE, SUITABILITY OR FITNESS FOR INTENDED USE OF ITS PRODUCTS IN ANY CUSTOMER'S APPLICATION. Each customer should determine the suitability of Momentive's materials for the customer's particular use through appropriate testing and analysis.
