

LANXESS Corporation

Dear Valued Customer,

ROYCO® 27, ROYCO® 43, and ROYCO® 64 on sales control

May 04, 2026

ROYCO® 27, ROYCO® 43, and ROYCO® 64 are being placed on sales control effective immediately.

LANXESS Corporation
Ornella Tempo

ornella.tempo@lanxess.com
www.us.lanxess.com

A supplier to one of the key raw materials has decided to shut down its supplying plant. The available inventory of this raw material is not sufficient to cover our regular annual volumes. We are actively pursuing and qualifying an alternate source to ensure that we can get back on track to supply un-constrained volumes.

Till an alternative is available, orders will be reviewed and fulfilled based on available supply based on the inventory of this raw material.

Please contact your LANXESS representative if you have questions or need to discuss specific requirements.

Yours sincerely,

Ornella Tempo
